Jhansi,up, JHANSI, UTT	Decontamin TAR PRADESH-284003, India Fumigation							
Product Specification for Airinspace Air Decontamination System (Fumigation Cum Air Purification System) Air Filtration, Air Decontamination & Fumigation Module								
विनिर्देश Specification	उप-विनिर्देश Sub-Spec	मूल्य Value						
	Product Description	Air Decontamination System (Fumigation Cum Air Purification System)						
	Purpose	To kill bacteria, viruses, fungus in indoor air and eliminate other environmental pollutants like particulate matter and volatile organic compounds (VOC)						
GENERAL FEATURES	Areas of Application	Operation Theaters, Intensive Care Units, Transplant Units, Radiology, Infectious Diseases Unit, Isolation areas, Microbiology laboratory etc						
	Coverage area	≥ 40 square meter						
	Modules included in the scope of supply	Air Filtration, Air Decontamination & Fumigation Module						
	Control of modules	Wireless Controller for programming and control as per user requirement						
	Mounting Type	Molibe Floor/Wall Mountable						
	Mechanism for particle removal	Multistage mechanical particle arrestors for removing particles						
	Pre filter to trap large size particles	Yes						
	Size of particles that can be trapped by pre filter	upto 50 microns						
	Type of filter to arrest very fine particles	HEPA Filter						
	HEPA filter efficiency	99.97% @ 0.3 microns						
	Filter for VOC management	Dual Stage Activated Carbon Filter						
AIR FILTRATION MODULE	Type of filter for continuous decomposition of volatile organic compounds and destruction of microorganisms	Hybrid nano photocalytic filter						
	Germicidal activity and activation of hybrid photo-hydro ionizer	By use of UV lamps						
	Number of UV lamps installed	2						
	Air flow	Adjustable Air Flow						
	PCI generator for enhancing particulate filtration and VOC destruction	No						
	Salient features available in air filtration module	Indication in case of choking breach of HEPA filter integrity						
	Body material of air filtration module	Non conducting, shock proof material						
	Dimensions of air filtration module (mm x mm xmm)	1510 x 750 x 520 mm						
AID	Technology used for continuous decontamination of air	Flash Thermal Energy						
AIR DECONTAMINATION	Salient features of air decontamination module	No use of any toxic chemicals for air disinfection & fan free						
MODULE	Dimensions of air decontamination module (mm x mm x mm)	1510 x 750 x 520 mm						
FUMIGATION MODULE	Type of fumigation module	NA NA						
	Principle of operation	NA NA						
GAS BASED FUMIGATION MODULE	Salient features of gas based fumigation module	NA NA						
	Generation of gas under safe limits for humans	NA NA						
	Compatible disinfectants for fumigation	NA NA						
	Body material	NA NA						
	Coverage area of ULV fogger	NA NA						
	Size of particles produced	NA NA						
	Nozzle	NA NA						
	Nozzle pin material	NA NA						
	Air intake filter for dust and fog separation	NA NA						
	Reservoir filter for reducing the chances of debris clogging the nozzle	NA NA						
ULV FUMIGATION	Average flow rate	NA NA						
MODULE	Tank capacity	NA NA						
		+

Disinfection level visible in the tank

Integrated timer with the fogger body

Tank material

	Type of timer	NA
	Provided with rotational stand	NA
	Rotation to stand	NA
	Salient features of ULV fogger	NA
ELECTRICAL REQUIREMENTS	Power Source	230 ± 10 Volts / 50 Hz
	Availability of conformity certificate/test report of the equipment from OEM to prove conformity to the declared specifications	Yes
	Product certifications	EU-CE Class 1 Medical Device (from notified body)
CERTIFICATIONS & REPORTS	Manufacturer certifications	ISO: 9001 (Latest)
	Conformity to standards	IEC- 60601 or Equivalent BIS for Electrical Safety
	Submission of all necessary certifications, test reports to the buyer along with supplies	Yes
INSTALLATION & TRAINING	Supplier to perform installation, safety and operation checks before handover	Yes
	The supplier/vendor shall provide free of cost training to the personnel in operation	Yes
	OEM/Reseller shall ensure uninterrupted availability of all spares and components	Yes
WARRANTY	Warranty in Years (Option of comprehensive warranty is available through bidding only, which if opted will supersede normal warranty in the catalogue)	5 year
DOCUMENTATION	User/Technical/Operating/Maintenance manuals to be supplied in English in hard and soft copy	Yes
DOCUMENTATION	Product catalog, technical write up in English to be provided both in hard and electronic copies	Yes
Advance Sample	Agree to provide advance sample to the buyer before bulk supply in case of bidding	No

হিম্মণী Note:: Seller has given an undertaking that it has made arrangements for getting the stores from an authorized distributor / dealer / channel partner of the OEM of the offered product. At the time of delivery of goods, Seller will provide necessary chain documents (in the form of GST Invoice) to prove that the supplied goods are genuine and are being sourced from an authorized distributor / dealer / channel partner of the OEM. In case of any complaint about genuineness of the supplied products, Seller shall be responsible for providing genuine replacement supplies.

नियम और शर्तें|Terms and Conditions

1. Special terms and conditions- Version:2 effective from 04-12-2023

1.1 1. Comprehensive warranty:

Comprehensive warranty shall include preventive maintenance including calibration as per technical/ service /operational manual of the manufacturer, service charges and spares,. During the warranty period commencing from date of the successful completion of warranty period, Service personnel shall visit each consignee site as recommended in the manufacturer �� stechnical/ service /operational manual, at least once in six months. warranty shall not be including the consumables. Further there will be 98% uptime warranty during warranty period on 24 (hrs) X 7 (days) X 365 (days) basis, with penalty, to extend warranty period by double the downtime period.

2. Service centres:

Details of Service outlets in India to render services for equipment to be furnished to buyer/consignees with complete address ,telephone numbers, e mails etc at time of making the supplies .It shall be the responsibility of seller to ensure that authorized service centres are available to cater to the areas where supplies are made within reasonable distance from where the service calls can be handled. Details of toll free numbers for service call and online registration of service requests also to be provided buyer/consignee at the time of supplies.

3. Source of supply:

It shall be responsibility of seller to provide Documents regarding source of equipments such as copy of Performa invoice or any other documents to establish that the products supplied are manufactured by OEM indicated and sourced from them.

4. Packing and Marking:

Medical equipments being very delicate and sensitive packing for the goods should be strong and durable enough to withstand transit including transhipment (if any), rough handling, open storage etc. without any damage, deterioration etc. .The size, weights and volumes of the packing cases, remoteness of the final destination of the goods, availability or otherwise of transport and handling facilities at all points during transit up to final destination,. Quality of packing, the manner of marking within & outside the packages and provision of accompanying documentation shall take in to consideration the type of medical equipments being supplied. The accessories shall be suitably labelled and packed .Each of the package shall be marked on three sides with indelible paint of proper quality: indicating contract number and date, brief description of goods including quantity,. Packing list reference number, country of origin of goods and any other relevant details.

5. Spare Parts:

Seller shall provide materials, information etc. pertaining to spare parts manufactured and supplied by the OEM. It shall be ensured that the required spares are available for purchase at least for 10 years from date of supplies. In case due to any reasons the production of the spare parts is discontinued sufficient advance notice should be given to the buyer/consignee before such discontinuation to provide adequate time to purchase the required spare parts etc. Further, OEM and their service centres/dealers shall carry sufficient inventories to assure ex-stock supply of consumables and spares for the equipments so that the same are available.

OEM or reseller shall always accord most favoured client status to the buyer/consignee and shall give the most competitive price for spares and consumables of its machines/equipments supplied

6. Installation, Training, Manuals:

Seller shall be responsible to carry out Installation & commissioning, Supervision and Demonstration of the goods. They shall provide required jigs and tools for assembly, minor civil works for the completion of the installation and Training of Consignee 🔷 representatives for operating and maintaining the equipment and Supplying required number of operation & maintenance manual for the goods. In case the category parameters are specifying any requirements regarding the installations, training and manuals the same shall also be applicable.

7. Electrical safety checking:

Sellers are required to make sure that they furnish the list of equipments for carrying out routine and preventive maintenance to buyer/consignee. They should make sure to periodically check the electrical safety aspects as per BIS Safety Standards or equivalent. In case they do not have required equipment for such testing should ensure that the equipments checked for electrical safety compliance through labs with facilities for such checking during every preventive maintenance call.

8. Software:

All software updates should be provided free of cost during warranty period.

2. General Terms and Conditions-

- 2.1 This contract is governed by the General Terms and Conditions, conditions stipulated to this Product/Service as provided in the Marketplace.
- 2.2 This Contract between the Seller and the Buyer, is for the supply of the Goods and/ or Services, detailed in the schedule above, in accordance with the General Terms and Conditions (GTC) unless otherwise superseded by Goods / Services specific Special Terms and Conditions (STC) and/ or BID/Reverse Auction Additional Terms and Conditions (ATC), as applicable
